Section 2: Three Persona Analysis

Consumer Advocate N/A Confidence: N/A Reasoning: As the Consumer Advocate, my analysis reveals significant red flags that outweigh the positive signals. The contractor claims 18 years in business (BBB founding date 2007) and emphasizes 'quality, honesty and integrity' on their website. However, the evidence shows a	Fair Arbiter N/A Confidence: N/A Reasoning: I am analyzing Custom Concept Pools as a Fair Arbiter, seeking charitable interpretations. The business has been operating since 2007 (18 years), which is a significant positive signal of longevity and survival in a competitive industry. The BBB A+ rating, while not based on customer reviews, indicates proper	Synthesizer N/A Reasoning: No dialectic audit data available. Stronger Case: N/A

severe lack of authentic customer engagement. The REVIEW_ANALYSIS is damning: an 18-year-old pool contractor has only ONE Google review (blank, 5-star) and zero presence on Angi, Houzz, HomeAdvisor, Yelp, or other review platforms. This pattern is highly abnormal for an established business and strongly suggests either minimal real customer volume or deliberate manipulation of online presence. The BBB shows an A+ rating but with zero complaints and zero customer reviews, which is unusual for a long-standing company; this rating appears based on accreditation factors, not customer satisfaction. The single Google review is from 'Derek Bryson' with no text, and the Google Maps data shows suspicious duplicate entries and reviews that appear to be scraped or placeholder content (e.g., reviews listing competitor names like 'Mid City Custom Pools'). The website contains a testimonial, but it's truncated and cannot be verified. No court records or liens were found, but the court searches encountered technical

business registration and likely responsive handling of any inquiries. The lack of complaints on BBB is notable for an 18-year-old company. The Texas Franchise Tax search confirms active legal status as 'CUSTOM CONCEPT POOLS BY JERRY JOHNSTON, INC.' The website presents a professional image with testimonials and service descriptions. The absence of court records, liens, OSHA violations, EPA issues, and attorney general complaints across multiple county searches suggests a clean legal and regulatory history. The review analysis correctly identifies a major concern: only one Google review (5-star, blank) for an 18-year business is statistically improbable. However, the charitable interpretation is that many pool contractors operate primarily through word-of-mouth and builder referrals in affluent areas like Southlake, minimizing online review culture. The business may serve a niche, high-end clientele who don't typically leave public reviews. The single review could be a placeholder or error. The

errors, limiting confidence. The lack of any negative news or AG complaints is positive but doesn't compensate for the complete absence of verifiable customer feedback. In the Texas pool industry, where complaints are common, a complete lack of reviews across all platforms is a major warning sign.

Key Concerns:

Extremely suspicious review profile: Only 1 total review for an 18-year-old business, with no presence on any other review platform (Angi, Houzz, Yelp, etc.). The single review is blank and provides no substantive feedback., Pattern suggests lack of real customer volume or deliberate online presence manipulation. A legitimate 18-year-old contractor would have accumulated numerous reviews across multiple platforms., BBB profile shows zero complaints and zero customer reviews, which is unusual for a long-standing company and suggests the A+ rating may not reflect actual customer experience.

lack of presence on Angi, Houzz, etc., could indicate they don't pay for lead generation services, not necessarily poor quality. The website testimonials suggest satisfied customers exist. The data gaps in court searches (technical errors) prevent full verification, but no positive hits were found. The business appears to be a legitimate, long-standing operation with a clean regulatory record but minimal digital footprint, which could reflect their business model rather than quality issues.

Section 3: Red Flags

HIGH

Only one public customer review (a blank 5-star) exists for an 18-year-old business, with zero presence on Angi, Houzz, Yelp, or other review platforms. This indicates a severe lack of verifiable customer feedback.

MEDIUM

BBB profile shows zero customer reviews alongside its A+ rating, which is unusual for a company of this age and suggests the rating may not reflect actual customer experiences.

Don't Just Take Our Word For It. See What Some Of Our Clients Have To Say: "Custom Concept Pools was one of our five pool consults we had while making our choice of who to choose to build our dream pool. After meeting with Jerry and Paul, there was no question in my mind that they were the guys to do the job. The ideas they had to enhance not only our pool but our entire backyard, including a covered patio and outdoor kitchen, blew our minds! It was well worth the wait in finding these guys. The project went by smoothly and quick. My husband was out of town most of the time they were doing the pool, Jerry was like a second father, taking care of everything and watching over my family and my home. I was shocked at how soon our pool was filled with water! But my biggest surprise was the dedication that Jerry had to my project. Jerry and or Paul were over at my home everyday overseeing every step of the project every step of the way. Even the day that the pool was filling with water, my children went out to play in the half filled pool . I sent Jerry a photo of this fun occasion to let him know how excited my kids were, with in 10 minutes he was in our backyard sharing this fun memory! Jerry has become a part of our family as well as his wife and grand kids. Even still years after our pool is completed and being enjoyed by our family, I still feel like I can call him for advice about pool issues! I highly recommend Custom Concept Pools for any outdoor adventure you would like to create. We just adore Jerry and Paul, they will transform your outdoor living space into a resort setting and working with someone you trust is amazing!" Kara & Dave Griser "Thank you a million times over for the best building experience ever! You guys are amazing..... Not only were y'all the easiest to work with from start of to finish.... But your continued support of any question, concern or confusion that we have is answered almost immediately! Scott and I have been beyond impressed with y'all and would recommend Custom Concept Pools to anyone who is

looking to build a pool. " Forgot to mention, Scott has said numerous times... "This pool is worth every penny and more than we spent!" Scott & Robyn Ruth "We had our pool, landscaping and outdoor kitchen done by Custom Concept Pools back in May 2008 and we are so glad we chose Jerry and Paul to do the work. Due to easement restrictions in our backyard, we knew the design process would present a challenge to the company we selected. Due to these challenges, the larger custom pool companies in the area were hesitant to even spend the time to create a design and quote. Jerry and Pau
