Risk Level: MODERATE
Recommendation: NOT_RECOMMENDED

No summary available.

Section 2: Three Persona Analysis

Consumer Advocate N/A Confidence: N/A Reasoning: The contractor presents a strong public image with a 29-year history, BBB A+ accreditation, and a 4.9/5 Google rating from 93 reviews. The review analysis concludes reviews are overwhelmingly authentic. However, a skeptical investigator	Fair Arbiter N/A Confidence: N/A Reasoning: The evidence presents a strong case for a reputable, long-established family business, but with some data gaps and minor concerns that temper the score. The most compelling positive signals are: 1) **29 years in business** (BBB founding date 1996), 2)	Synthesizer N/A Reasoning: No dialectic audit data available. Stronger Case: N/A
---	---	---

must focus on verifiable red flags and inconsistencies. Key concerns: 1) A lawsuit was found where David Martin & Son Roofing, LLC is a PLAINTIFF (Google News result from Trellis.law). While being a plaintiff isn't inherently negative, litigation of any kind is a risk factor and indicates business disputes. The data does not reveal the nature or outcome of this case. 2) There is a significant discrepancy in contact information: BBB lists phone (817) 201-0084, while Google Maps lists (817) 236-9898. Multiple phone numbers can indicate disorganization or the use of call-forwarding services common among storm-chasing operations. 3) The Yelp rating is 3.8/5, which is notably lower than the 4.9 on Google. The review analysis noted 'potential corner-cutting on decking' and 'poor customer service' as complaint patterns. This discrepancy between platforms is a warning sign that the perfect Google score may not tell the whole story. 4) The business is listed as 'Closed' on Google Maps at the time of the search,

****BBB A+ rating and accreditation**** with no complaints listed, 3) ****Exceptionally high Google rating (4.9/5) from 93-94 reviews**** spanning many years, 4) ****Zero liens or court cases found**** across four major counties (despite some search errors), and 5) ****Active Texas franchise tax status****. The REVIEW_ANALYSIS summary confirms reviews are overwhelmingly authentic, with specific project details and varied writing styles. The business is described as family-run with personal involvement from owners David and Jennifer Martin. Charitable interpretations of red flags: The 3.8 Yelp rating (10 reviews) is not necessarily inconsistent; Yelp often attracts more critical reviews and has a different user base. The lack of presence on Angi, Houzz, etc., could indicate they rely on word-of-mouth and local reputation rather than paid lead services. The Google News result showing a lawsuit where David Martin & Son Roofing is the **plaintiff** (not defendant) suggests they actively protect their business interests, which

which could be a temporary glitch or an indication of operational issues. 5) While the BBB shows no complaints, the search for court records was partially obstructed by CAPTCHAs and errors, meaning a full background check on litigation in key counties (Tarrant, Dallas, Collin, Denton) was not completed. The absence of evidence is not evidence of absence. Positives are strong but do not fully mitigate these specific, verifiable concerns about litigation, contact info consistency, and mixed review signals.

Key Concerns:

Active or recent litigation found where the company is a named party (Plaintiffs' Original Petition)., Discrepancy in primary business phone numbers between BBB (817-201-0084) and Google Maps (817-236-9898)., Significant rating discrepancy between Google (4.9) and Yelp (3.8), with Yelp reviews hinting at quality/customer service issues., Google Maps lists business status as 'closed' at time of search.

is not a customer trust issue. The website returning a 403 error is likely a temporary server issue, not an indication of a fake business, given the depth of other verifications. The primary data gaps are the inability to fully verify court records due to technical errors and the lack of detailed complaint history from BBB. However, the absence of found liens and the high volume of detailed positive reviews outweigh these gaps.

Their approach to roofing is not only highly skilled but also incredibly personal. They genuinely care about their customers and never take advantage of those who may not fully understand the roofing process.\n\nWhat sets them apart is their clear communication—especially when it comes to navigating the often-stressful insurance process. David and his team take the time to explain everything in a way that's easy to understand and work

directly with insurance companies to relieve the burden from the homeowner.\n\nThey use only the highest quality materials and go far beyond the industry standard—installing plywood replacements, advanced water barriers, upgraded ventilation, and more—to ensure your roof is structurally sound and beautiful in appearance. Their attention to detail and dedication to each client’s specific needs, preferences, and budget is unmatched.\n\nYes, you might find cheaper options—but you will not find better value. When the project is done, not only will your roof be built to last, but your home will look stunning and likely increase in value. You’ll be proud every time you pull into your driveway.\n\nDavid Martin & Sons Roofing is absolutely worth the wait. Jennifer is on top of every move. My insurance covered new screens, gutters, and the roof. They were able to do it all without one issue. Jennifer and David suggested changing the color of our roof and gutters. I was very hesitant but decided that they do this every day and would know better than I would what the new trends are. So happy for that decision also, even had neighbors come over just to say what a difference the roof and gutter colors made to the house. Jennifer also had her painter redo our light fixtures to match. BONUS!!! They covered the bushes and cleaned up well afterwards. The crews were all great, you know it is a job well done when there’s no evidence of them even being on-site. Then I found out that my realtor uses them also. Win-win.",

repair it. He failed to install the correct pieces and it met the roof incorrectly which led to a leak. DM&S came out the same day we called and we ended up meeting the entire Martin family. It really is a family business. They explained why the leak was occurring and how to install everything in such a way that the problem would never occur again. The price was fair, the repair is seamless, and we couldn't be happier. We would ABSOLUTELY recommend them to anyone and everyone.",

We recently had them replace our entire roof, gutters, and downspouts on a third house, our current home, due to hail damage. They did a fantastic job and we couldn't be more pleased with the results and our beautiful new roof! David and Jenifer made the whole process go very smoothly and handled all of the details, including working with our insurance company, obtaining the required permit, and arranging for the final

The crew also did an excellent job cleaning up the job site when finished. David and Jennifer always present themselves in a professional and courteous manner. They are up to date on all of the latest roofing trends, materials, and techniques. They carefully listen to your concerns, and fully answer all of your questions. Immediately after meeting David & Jennifer we knew that they were the ones we wanted to work with. Their level of professionalism and experience were exactly what we were looking for and we were 100% comfortable moving forward with them immediately. When it came time to start the work, they were accommodating to our schedule and fit the roof replacement into a schedule window that worked for us. The entire execution team was detailed and professional. They took care to protect all of the landscaping around the house and did an excellent job keeping the work areas clean and safe throughout the duration they were here. We are very pleased with the end product and as a result of the quality of work of David Martin & Son our neighbors will also be moving forward with them for their roof replacement. Thanks to David, Jennifer, Pam, Rene, and the entire team for their great work. We would recommend this team to all who have any roofing needs.",

My wife and I were new to the whole "your roof needs replaced" situation and we needed a company to guide us through the process. The best thing about David Martin & Son Roofing is they are a one-stop shop. They coordinated everything that that needed to be repaired...roof, gutters, windows, screens, shutters, light fixtures, fence, mailbox, and garage doors. Their crews were professional and courteous.\n\nDavid and Jennifer are very friendly and easy to work with. Being nice is just part of the equation. Communication is key to a service business and we were always updated with what was going to happen on which day(s). When we did have a concern regarding the roof flashing, it was resolved quickly and to our satisfaction. That's all anyone can ask for. Jennifer also knows the insurance side of the business well. She talked to our insurance company directly, which lifted the burden from us. For that, we are even more grateful.\n\nMy wife and I have no hesitation in recommending David Martin & Son Roofing. They treated us like family and even made suggestions to help make our house more aesthetically pleasing. We absolutely love the finished product.",

However, reading a review is a lot different then having an experience firsthand. When I first met David Martin, I noticed how he was committed to 100% customer satisfaction. Whenever I had a problem, I had no qualm in calling Jennifer Martin and letting her handle the situation. They have gone above and beyond in making my experience as easy and stress free as possible. Whether Jennifer was periodically checking in on me as the customer or David making sure everything was perfect on the roof, even down to the most minute detail, David and Jennifer have gone above and beyond in giving me beautiful roofs and a similarly amazing experience. "text": "We first met David Martin when he did some repairs to leaks in our roof following the purchase of our home. We were really impressed with the prompt service at that time. We later found out that our roof was nearing the end of its life span. Now a couple of years after his first visit to our home we were ready to tackle the new roofing project. We decided to use David Martin and Sons Roofing and we couldn't be happier with the level of service, attention to detail

and quality of work! David and his wife Jennifer drove us around Colleyville for an entire afternoon to help us decide on the color and aesthetic details of our new roof. On this drive, it became very evident of the level of service we would receive. They were extremely knowledgeable and answered all of our questions regarding the materials and were able to show us so many options and examples of their completed work. We were given samples to bring home so we could visualize and help us to decide. They especially knew about recent trends in materials and colors not only in the roofing material but venting and gutters as well. They made a recommendation for black shingles with oil bronzed gutters, and we took their advice and we love the final product. Our house looks so much more updated with this recommendation. They really possess a great vision for what the final product should look like from start to finish. Once we picked the materials we met with them to go over the logistics and after that meeting we were able to sit back while they handled absolutely everything. Weeks later we had a brand new beautiful roof. There were other items that were part of our insurance claims as well including outside door replacements, damaged screens etc. They coordinated everything to help us with our options and get everything fixed. They scheduled painters to get our garage doors and outdoor lighting painted to complement our new roof. Again, this work was performed with their highly skilled subcontractors. We didn't have to lift a finger. David and Jennifer handled everything with the insurance claim and made it a completely painless process. The curb appeal of our home has improved greatly! We are so delighted every time we pull in our driveway. David and Jennifer really took care of us!",

  "text": "David Martin and Son roofing did a fantastic job on my roof replacement job. David visited our home quickly after I contacted the company and asked for an assessment regarding hail damage to the roof. David's findings were similar to our insurance's findings. After his assessment, David sat down with me and outlined his plan for repairing the damage. This company has their customer's best interests in mind. The repair project was oriented to make sure current codes were met and that we received the best roof permissible by insurance. Despite a miscommunication with our insurance, David's team was ready to go once our insurance company was on board. The install team was quick and efficient. There were very few nails in the yard after the work was complete. After the roof was complete, the gutter team came in and quickly did their job. The gutters look great and are seamless. David did a great job making sure the roof and gutters worked well with the brick on our home. The only project that did not proceed as planned was the window screen replacement. Both David and the insurance company agreed that there was hail damage to our screens. Unfortunately, we had storm windows installed and removal of the screens required window removal that the sub-contractor was not willing to attempt. Thankfully, Jennifer worked with the
```

insurance and was able to obtain approval for entire window replacement for all eight windows! Despite the lengthy process to obtain insurance approval, the windows turned out great and we are very grateful for all the work Jennifer getting the windows completed. The new windows are energy star rated and function much better than the old windows that were installed. David even worked with us to make sure the arches on the front windows were replaced at an affordable rate. We were referred by a family member, who was referred by a friend, and I am pleased we called David Martin and Son's roofing. I can honestly say we have the best roof on our street!   "text": "My house was badly damaged by the huge hail storm in the spring of 2017. The morning after the storm we walked outside and just knew we were going to suffer a huge financial loss with the damage to the roof alone, we were starting an uphill climb and as new homeowners who had never dealt with issues of this magnitude we were terrified of what was to come. That's when we found David Martin and Son Roofing. David made himself available to meet with our busy schedule and was flexible with the time we had to meet, which considering the amount of damage in the area and how busy he must have been at the time must have been a feat in itself. He was so helpful through the process and made sure everything was explained in detail of what he and his team were going to do. He helped us make informed decisions on the products and colors we wanted and which would look the best with our brick, and on top of it they have a 5 year labor warranty. After the decisions of product were made, the process was very quick and efficient. Jennifer took care of ALL of anything to do with the insurance side, which was a relief to us because who wants to handle insurance issues? But she is a miracle worker. Our roof was finished quickly, it was brought up to come with beautiful high quality materials and we now have the most beautiful root/vents/flashing in the neighborhood. With David Martin and Son roofing something we thought was a total disaster we would never recover from turned into be the biggest blessing in disguise we could imagine. Their craftsmanship, their speed of response, their ability to access what would put the roof in the best condition possible - without ever trying to sell more than what is actually needed, and their high standard of integrity is why we have used them for years, and how they have become a valued and trusted partner with us in keeping our home looking and performing it's best. Mr. Martin arrived that day, gave me an affordable estimate for repair, and completed the work the next day. The. next. day. 25% of what I was told it would cost from the other company. The roofing crew was very professional. They arrived early in the morning and quickly got to work. The roof was done a few hours later. Before leaving, they did a world class job of cleaning up and they left me with a new roof that looks much nicer than the old one ever did. At no time did he push a new roof on us, but wanted us to come to that \"conclusion\" on our own. For the 8 years we have lived in our house, we were never happy with the roof, gutters, and badly needed the house repainted. After a hail storm and leaks we knew it was time. David's wife Jennifer \"also an insurance adjuster\" made the whole project easy. Insurance

helped us with water damage, fence damage from hail, and roofing fees. We chose to also have them use their painters and gutter people. Jennifer was always available for questions and concerns on the phone and returned our calls promptly. It was a big project to paint first, then roof, then gutters. David and Jennifer both have a keen eye for colors, textures, and curb appeal. The final product on our house is perfect. Best looking roof in the neighborhood! Thank you David and Jennifer!",

I met with Jennifer and David initially to feel them out and generally thought it was a positive first meeting. Then I interviewed other companies and circled back around to Jennifer and David again with the decision to move forward. Before we were even scheduled to begin the project, there ended up being a major storm which was negatively affecting a new patio extension we were doing that had only plywood and beams, no real roof of any kind. Keep in mind this wasn't even there when they bid the job, but they immediately sent out a crew to cover up and protect the new patio area. That was a major positive. The fact they are the only roofing company I have seen that provides a Porta Potty for their crew is an important indicator of what they value, their team and their customer. In the end the work product and attention to detail was excellent. The coordination with gutters, garage doors, and painting was well orchestrated.",

"text": "The roof of our new house in the Canyon Falls subdivision of Northlake, TX was badly damaged by tennis ball sized hail in the Spring of 2017. The very next day we called my insurance carrier to set up an appointment for an adjuster to come look at the damage. With the appointment set we called Jennifer at David Martin and Son Roofing. Jennifer and David were able to arrange their schedule so they could be at our house alongside the insurance adjuster. This is the third time we have used David Martin and Son for a replacement roof, the first two being in Colleyville. And once again we are thrilled with the result. They were able to point out damage to the adjuster not only on our roof but other parts of the structure ensuring that we were taken care of. Once we had received the funding for the roof, the Martin team sprung into action. Supplies were delivered fast and their team of roofers went right to work making our roof the showroof of the neighborhood. Their personal touch from adding beautiful new pipe covers, valley metal, and ridge vents was unmatched. When the job was completed, once again David and Jennifer came out to inspect it and walk us through the final paperwork. Jennifer, who is a certified adjuster, is also an expert with the financial side of the business. She made the roof replacement incredibly stress free for the both of us. Throughout the entire process they treated us like they have always done, as family. If you ever need a new roof on your house we hope you'll follow our recommendation and look no further than David and Jennifer at David Martin and Son roofing. "text": "My husband and I wanted to take the time to recommend David Martin & Son Roofing (DM&SR). We had our roof replaced recently and it was an extensive undertaking. We had no idea we needed a new roof until a free inspection was preformed (but not by DM&SR). When we were informed of a large hole in our roof, we contacted our insurance company and they confirmed we were in need of a new roof. We belong to an HOA and I asked for recommendations from the HOA website and asked friends outside of our neighborhood. We interviewed 5-6 roofing companies and we decide to go with DM&SR because they were concerned about our pond/pool/landscape and had plans on how to care for them. Other roofing companies told us they would do the best they could and that wasn't enough of a commitment to care for our concerns. We also drove to 6 – 8 homes that DM&SR had recently replaced the roof. You don't have large home improvement projects without some hiccups but how they are resolved makes a huge impact on both parties and everyone wants a win-win. There were some miscommunications and they were quickly resolved, reasonable resolution and in a professional and respectful manner. We felt DM&SR had our roofing needs as a priority. You pay your homeowners insurance monthly and then when you actually need to use it, it can be confusing! Especially if you never have filed a claim in 40 years. They are experts in handling the insurance claim. They file permits that are required and have the city come out and inspect. We recommend DM&SR for your roofing needs.\n\nOur roof is beautiful, who says that??",

"text": "David Martin & Son Roofing (DMSR) just completed a roof replacement for us and we are very happy with the entire process and the people. Before hiring them, we researched lots of various roofing contractors but so many of them recently opened up for business and that was unsettling. When we noticed DMSR has been open for 20+ years we started asking around and the choice was easy. It was the right choice for us and here is why:\n\nCoincidentally, two roofs were being replaced across the street from us within a short time frame as ours and more than a few neighbors came by to tell us ours looked the best. One may be looking in the next 1-2 years and asked what we thought of our roofer so I recommended he use DMSR should he decide to move forward. The style and quality of materials stand out and they treat your house as their own.\n\nThe roofing crew they employ were great. On time, finished the job quicker than the competition (with a higher level of quality in my opinion), and cleaned everything up really well. They were

very impressive.\n\nWhile replacing my patio/deck roof in the back, it was determined some of the underlying wood was rotten and needed to be replaced. My next door neighbor, unbeknownst to DMSR, watched the entire patio roof process through his window and came by the following night to tell me how thorough they were and said they were \"true craftsman, not just handymen\".\n\nThe whole process was well organized from roofing to gutters to painting. They were also very responsive. Jennifer Martin assists, as applicable, with your mortgage company, HOA, insurance carrier, etc. and that is a LOT of time savings.\n\nThank you David and Jennifer! - Derek & Melissa Miller, Grapevine",

The first instance was in approximately 2006. After two neighbors' homes with cedar shake shingles burned down, DMS replaced our cedar shake roof on our home with a 50-year hail resistant asphalt shingle. The process was smoothly and efficiently executed.\nThe second occasion occurred in approximately 2013 when DMS replaced the roof on an office building we owned. DMS replaced the roof hastily and with minimal business interruption.\nFinally, DMS recently replaced the roof and gutters on our home. Not only was the work done speedily and efficiently by their crew, (Adrian, Jose, and Juan). but Jennifer and David Martin were constantly in contact with my wife and me during the process. DMS took the time to introduce us to the individuals replacing the gutters (Phillip) and the painters touching up the required exterior locations (Gustavo and Edgardo). Phillip (and staff) and Gustavo/Edgardo were professional and timely in the performance of their tasks. In each instance DMS made me aware of possible issues and options available to us.\nWhile I was President of our Neighborhood Association, David Martin also voluntarily consulted with our Board of Directors concerning amendments to the Association's Bylaws replacing the cedar shake shingle requirement with "other" acceptable and more fire-resistant options.\nDavid Martin and Son Roofing professionally, timely and consistently kept us informed during each step of the process of each of the three roof replacements.
