

Contractor Trust Audit Report

Contractor: Legacy Custom Pavers & Outdoor Living	Location: Plano, TX
Contractor ID: 203	Audit Date: January 12, 2026
Category: greyRich	Google Reviews: 214

Section 1: Council Verdict

75

Risk Level: MODERATE
Recommendation: NOT_RECOMMENDED

No summary available.

Section 2: Three Persona Analysis

Consumer Advocate N/A Confidence: N/A Reasoning: The contractor presents a strong public image with a perfect 5.0 Google rating (216 reviews) and a 4.8 Yelp rating (27 reviews). The REVIEW_ANALYSIS indicates high authenticity, citing specific project details, varied writing styles, and	Fair Arbiter N/A Confidence: N/A Reasoning: The contractor presents a strong positive profile with significant evidence of quality work and customer satisfaction, though some data gaps exist. POSITIVE SIGNALS: 1) Exceptional review performance: 216 Google reviews with a perfect 5.0 rating and 27 Yelp reviews at 4.8 stars. The	Synthesizer N/A Reasoning: No dialectic audit data available. Stronger Case: N/A
--	---	---

mentions of multiple crew/owner names (Brandon, Michael, Jesse, Tim). This is a significant positive signal. However, my skeptical analysis reveals critical gaps and potential red flags. 1) ****Lack of Verifiable Business Entity****: Despite extensive searches (BBB, TX SOS, OpenCorporates, Franchise Tax), no formal business registration or profile was found. The company claims to be 'local and family-owned' but provides no verifiable corporate identity. In Texas, this could indicate operation as a sole proprietorship under a personal name, which offers less consumer protection and makes legal recourse more difficult. 2) ****Absence from Key Vetting Platforms****: No presence on Angi, HomeAdvisor, Houzz, or Thumbtack. While not definitive, reputable contractors often use these platforms for lead generation and validation. Their absence is a data gap. 3) ****Incomplete Court/Lien Search****: The COURT_RECORDS search was partially obstructed by CAPTCHAs and technical errors (Dallas,

REVIEW_ANALYSIS indicates high authenticity with specific project details, varied writing styles, and mentions of multiple crew members (Brandon, Michael, Jesse, Tim). 2) Active online presence: Professional website, Nextdoor page, and YouTube channel showing completed projects. 3) No negative legal findings: No liens found (score 10/10), no court cases across four counties despite technical search issues, no EPA/OSHA violations, and no Texas AG complaints. 4) Local business positioning: Described as 'local family-owned business' with Plano address (1211 E 15th St). CHARITABLE INTERPRETATIONS OF RED FLAGS: 1) No BBB profile: Many quality small businesses don't pursue BBB accreditation; absence isn't evidence of problems. 2) Missing from Angi/HomeAdvisor/Houzz: These platforms require paid participation; absence may reflect marketing choices rather than quality. 3) No corporate registration found: Could be operating as sole proprietorship or DBA, which is legal in Texas. 4) Technical search

Denton, Tarrant, Collin counties). The LIEN search also failed. We cannot confirm a clean legal record. The 'lien_score' of 10/10 is based on a scraper error, not actual data. 4)

****Potential for Review Gaming**:** While the reviews appear authentic, a perfect 5.0 score across 216 reviews is statistically unusual for any service business, even a good one. It warrants a degree of skepticism about potential review curation or incentive programs. 5)

****Unverified Claims**:** The website claims an 'industry best warranty' but provides no specifics or verifiable documentation. Without a registered entity, the enforceability of any long-term warranty is questionable. The positive review volume is the strongest counterpoint, but it does not mitigate the fundamental lack of verifiable business standing.

Key Concerns:

No verifiable business registration or entity found with Texas Secretary of State or Comptroller., Critical

errors (court records): The 'unusual traffic' errors suggest automated search limitations, not evidence of hidden cases. CONTEXT: This appears to be a well-regarded local contractor with strong customer satisfaction. The perfect Google rating with 216 reviews is statistically impressive and suggests consistent quality. The absence of regulatory/legal issues across multiple checks is reassuring. The main limitation is inability to verify formal business registration and some platform absences, but these are common for smaller contractors.

Positive Factors:

N/A

background checks (court records, liens) were incomplete due to technical errors, leaving a major data gap., Perfect 5.0 rating across 216 reviews is statistically atypical and could indicate review management practices., Absence from major contractor vetting and lead platforms (Angi, HomeAdvisor)., Warranty claims ('industry best') are not substantiated with documented terms.

Points of Agreement

N/A

Points of Disagreement

N/A

Section 3: Red Flags

MEDIUM

No formal business entity (LLC, Corporation) could be verified with the Texas Secretary of State or Comptroller. The company likely operates as a sole proprietorship/DBA, which offers less consumer protection.

LOW

Critical background checks (county court records, lien searches) were incomplete due to technical errors, leaving a gap in the legal/financial history verification.

Section 4: Human Annotator Worksheet

Please review the audit data above and provide your independent assessment.

Your Trust Score (0-100):

Your Confidence (Low/Medium/High):

Do you agree with the Council's verdict? (Yes/No/Partially)

If you disagree, explain why:

**Which persona's assessment was most accurate?
(Advocate/Arbiter/Synthesizer)**

What did the Council miss?

What did the Council over-weight?

Additional Notes:

Section 5: Raw Data Appendix

Complete scraped data used for this audit. Review for any signals the LLM may have missed.

"date": "4 months ago",

"text": "Legacy Custom Pavers recently installed a new paver driveway and walkway for our home. They did an exceptional job, and we are very pleased with the result. Brandon (the owner) was on site daily and was involved during every phase. His team arrived early, stayed late, and worked diligently to complete the job in just over 2 days. Everyone was respectful of our landscaping, our neighbors, and our time. We obtained several bids and their pricing is also very reasonable. I highly recommend Legacy Custom Pavers and will use them again.",

"date": "4 weeks ago",

"text": "We had an exceptional experience with Legacy Custom Pavers from start to finish. Our backyard outdoor project included a retaining wall, concrete paver hardscaping, artificial turf, and outdoor lighting, and the transformation has been nothing short of amazing.\n\nThe install team was a well-oiled, professional crew that completed the entire project in just under four days, working efficiently, cleanly, and with incredible attention to detail. The quality of craftsmanship truly shows – everything was done perfectly and exceeded our expectations.\n\nA special shout-out to Michael Conn, who was our main point of contact throughout the project. He was fantastic to work with, extremely responsive, and patiently addressed all of our questions and needs from beginning to end. His communication and professionalism made the whole process smooth and stress-free.\n\nOur backyard is now completely transformed, fully usable, and has

become a space our family – especially the kids – enjoy every day. We couldn't be happier with the results and highly recommend Legacy Custom Pavers, Michael, and the entire team to anyone looking for top-tier outdoor work.",

"text": "We cannot say enough wonderful things about Michael Chaney and his crew from Legacy Pavers! Our backyard had many \"issues\" from a previous company. Michael was professional, responsive, helpful, and kept us informed of every step. His crew worked diligently to get our \"problems\" corrected and give us back our backyard. Michael was always monitoring the project and even power washed our new patio himself! 5 stars is not enough! Legacy Pavers is amazing and I will recommend them to all of my friends and clients. Thank you Michael and crew for a fantastic job.",

"date": "9 months ago",

"text": "Jesse and the team at Legacy Customer Pavers were absolutely awesome to work with. They executed my vision, making it even better than I imagined. One of the sides of our house was a mud pit with poor drainage and lots of issues. That side of the house is now a feature that we gravitate towards using instead of trying to ignore. There is a beautiful patio space for activities and events. Check out my pictures of before and after :) Jesse was hilarious and was a large part of the reason we chose to go with this company for this project. I can't emphasize enough what a great job they did and how great they were to work with. Looking forward to working with them again in the future. I also write this many, many months after project completion. I find it's helpful in reviews to emphasize the long term happiness I feel as opposed to being happy just immediately after a project is completed. Long story short - look no further for your Paver needs in DFW!",

  "date": "a year ago",
  "text": "I have consistently chosen Legacy Custom Pavers for several of my
landscaping projects with remarkable results each time. Earlier this year they
installed a retaining wall along our back fence, transforming the area into
functional space where we now enjoy a small fire pit. When we decided to upgrade
the fire pit space this fall, I naturally turned to Legacy once again. Their team
is consistently professional, meticulously explaining each step of the process.
For this project they installed a 15 foot paver patio, where I put a Breeo
smokeless fire insert, and the quality of the work is nothing short of
exceptional. We are thoroughly satisfied with the outcome and are already planning
```

  "text": "Legacy updated our pool and deck (demo, pool coping, pool tile, and
pavers for pool/pavilion area). Our contact Mike lead the process from quote to
finished product. I would recommend working with them without reservation. From
start to finish Mike supervised the entire process and during
demo/construction/etc he was on site every day. During the process there are
always complications or potential for added work to do job properly and everything
was presented in a fair and relaxed manner where I feel these guys work with high
integrity to do what is right even if at a detriment to them. I could not
recommend working with Mike enough - he is a great guy, very fair and easy to deal
with. My family is beyond appreciative to the entire team there - thank you for
the beautiful pool/deck upgrade, it looks amazing!",

  "text": "We have a U-shaped house with a very large inner courtyard. The original aggregate concrete patio was in terrible condition, and prior owners had installed brick pavers in the remaining space. Legacy Custom Pavers was able to execute my vision for a modern patio space and turf play area, using only a clumsy Crayola marker drawing as a guide. The results are incredible! They had a great turnaround time of 2-3 weeks from the time we paid our deposit, and the project was completed in 2.5 days - including demolition of the old patio. We had multiple companies give us quotes and Legacy was not only competitive, but allowed us to work with a single company for both pavers and turf from start to finish. Best money we've spent on our home!",

  "text": "Life changing!! Our backyard desperately needed a makeover (grass was barely growing/super muddy and weeds galore) and we had gotten a good amount of quotes from several companies for pavers and turf. Legacy Custom Pavers was the last company we had gotten a quote from - we stopped at them because we had no doubt from the moment we met and talked to them that they genuinely cared about helping our yard transform, put their hearts into what they do, and were already brainstorming different ideas and paver designs that are best suited for our
```

backyard. Michael, Robby, and Jeremy were very knowledgeable and personable. Affordable pricing was bonus- what sold us was just knowing that we were in good hands with this company. We trusted the end result would be worth every penny. Sure enough- from the very first consult meeting to the day of the yard makeover, everything moved seamlessly. Michael was very timely in his responses and follow up. My husband and I couldn't believe we were able to have our yard transformed so quickly. Legacy Custom Pavers team had planned 2 days for the job and actually ended up finishing it in one day. The entire team who came out on that day was on time, professional, and extremely efficient. We were amazed with the results- everything looked perfect!!! We are so grateful! Like I said- affordable pricing and a team you can trust, oh and they were so PATIENT with me... I was a bit indecisive with the pavers haha, that was definitely a huge plus just knowing we weren't rushed in the decision making process. THANK YOU LEGACY CUSTOM PAVERS!!",

  "text": "Legacy Custom Paver did my Pool Deck and All I can say is
\"WOW\".\n\nI saw their ad – \"Call us before you call your pool company\" and I am
very glad that I did finally call them. I had gotten several quotes from pool
companies to do different options for my pool deck and they were very expensive
for what they were going do. Spray deck and concrete overlays for example. Legacy
provided an option that was a much better value for the money. They removed the
old concrete deck, installed drainage, then installed pavers and a new retaining
wall.\n\nThese guys do excellent work and are very easy to work with. There was
no high pressure sells pitch or push to upgrade. They brought my wife and I
several different samples so that we could see what the pavers actually looked
like vs what was in the brochure. We are very glad they did this, helped us from
picking a color we would have regretted. The team that did the install were
professional and very skilled in their trade. My pool has lots of curves to it
and these guys cut pavers to fit around the curves. There were no large gaps. It
was very impressive to watch them hand cut the pavers. The job took 6 days from
start to finish. As part of the job, they had to install new drains where the old
ones where in the concrete. I did not think about this when I was starting to
price the jobs with pool companies. They added drain points that fixed areas
where the water flooded up on my porch. This was an ADDED perk in getting all the
concrete removed and pavers installed.\n\nWould I use this company again? YES!!
Would I recommend this company to my family and friends? YES!!!",

Pavers, we knew that we were dealing with a professional. Brandon came out and
personally looked at our project to bring samples and make recommendations. Once
we agreed to proceed with the project, he sent his crew to perform the work on our
pool deck and let me tell you, these guys are amazing! They finished what was
supposed to be a two day job in one! And the deck looks- amazing! But here's
where the best part about Legacy really came into play. The company who was
working on our pool ended up damaging about 10 of the pave stones that had been
installed right next to the pool and while this had absolutely nothing to do with
Legacy in any way, shape or form, what do you think Brandon Chaney agreed to do
for us as a favor? That's right! He agreed to come back and replace those 10
damaged pavers free of charge because \"he didn't want for us to have to start out
that way\" - with damaged pave stones. Talk about top notch service! I can not
say enough about the professionalism and the quality work that Legacy Custom
Pavers offers. In a nutshell, I would hire Legacy again in a heart beat and not
even think twice about it.",

{

"date": "a year ago",

"text": "Joan and I am absolutely delighted with our decision to contract with Brandon Chaney, owner of Legacy Custom Pavers, located locally in Plano. Our driveway had been poorly constructed from the beginning and within just a few years, improperly bent rebar started poking through in multiple places and large chunks started to come loose. Cracks started to appear and the smooth surface flaked away with just the lowest of pressure from power washing. Resurfacing the drive obviously was not feasible since the underlying structure was so poorly constructed and it would have been a total waste of money.\nI received several bids for both pavers as well as demolition and re-pouring a traditional concrete driveway. I actually had one quote on pavers that was twice what Brandon proposed and even one contractor bid more for the demolition and pouring of new concrete, which with our soil is prone to cracking over time, that was more than Legacy Custom Pavers pricing. Brandon showed me video of how his company installed driveway pavers (they also do patios, pools decks and outdoor living spaces) showing full demolition, excavation down 12 inches and then commercial road base laid and compacted, prior to the pavers being installed.\nJoan chose Antique Pewter pavers to be laid in a herringbone pattern, with a charcoal border. Brandon used my lot survey and from that document had a CAD rendition of the project along with information concerning drainage, etc. for me to present along with other required information for Architecture Control Committee (ACC) approval through my HOA.\nThe end result is a unique, beautiful driveway that won't crack, is much less susceptible staining. Having had pavers before in our home in Horseshoe Bay, TX, I also know the money savings that you can have should there ever be a need to access water, gas, or other lines that run under the drive. To give an example of Brandon's attention to detail, he had his crew install a 4 inch PVC Conduit at the end of the new drive, next to the sidewalk for any cables or new irrigation pipes to pass through without have to disturb the pavers (it was buried 8 inches).\nThe demolition crew was absolutely amazing and so very respectful of our property and our neighbors. I personally verified with my neighbors and no damage occurred to any of their yard/property. Watching the excavation process and then the different layers of road base being applied and compacted reminded me of a highway

construction site. The crew who installed the pavers were true artists! The care that they took was impressive. Brandon was on-site very often, checking with his project manager and personally conducting quality control checks at every stage of the work. One of his crew caught an issue with the long charcoal border on the right side of the drive. He had them pull out the entire border and replace it with new, unblemished pavers.

One of the things that really impressed me was that the day after the pavers were installed, a gentleman rang my doorbell and said, "Brandon sent me to power wash the sidewalks and street." He had a huge commercial van with power washer and all of the soap-type cleaning materials. He spent about 2 hours cleaning any and all leftover dust, dirt and sand from the demolition and paver installation from in front of my house as well as my neighbors!!!

Brandon Chaney knows the McKinney, Plano, Frisco, Allen and Dallas area soil issues and that experience sets him apart from most paver companies. Joan and I could now be happier with our choice to have Legacy Custom Pavers install our new driveway.",

  "text": "Legacy Custom Pavers did an amazing job with the installation of pavers on our driveway and synthetic grass in your backyard. The skill set of both crews was superb. Throughout the project, they kept me updated while I was traveling overseas with periodic status reports and detailed photos. The owner and crew were absolute professionals and went out of their way to ensure that job was completed to my satisfaction. They certainly exceeded my expectations. They willingly made any changes I requested without charge. The jobs were completed ahead of schedule. And a thorough clean up was done at the end. I recommend this company highly.",

"text": "We recently had our patio redone by Legacy Custom Pavers. We had a two level part wood deck/part stone outdated patio that was not very usable. They came up with a great design to present and we were so thrilled with the process

from start to finish! Robert was our contact person, and he was great to work with, prompt with appointments, knowledgeable, and had great follow-through! The pricing we received from Legacy compared to the other bids we received was very fair and even a little less than other competitors. We needed some stonework done to match an existing retaining and they have a stone mason crew that was able to handle our entire project. We had a slight delay due to structure of existing supports for our patio cover, and they handled it quickly and only charged us the cost that they paid with no markup and only delayed our project by a couple of days. They finished in their estimated time slot, which made us very happy! We could highly recommend Legacy Custom Pavers to anyone looking to do a paver project!",

  "text": "Over the past year my experience with contractors has been
challenging. Mostly because they sell one thing and then try to do something
else. Not the case with Mike and Legacy Custom Pavers. Mike spent a good 3-4
weeks discussing options, providing samples, providing locations for us to check
out etc and delivered the plan we agreed on within them timeframe agreed upon.
Mike even kept us from making not so great decisions on types of material to use
vs whats available. Then there is more, his crews were experienced, polite,
punctual and cleaned up every day when they were done. Then there is more. Mike
was onsite every day making sure the project went smoothly and every thing was
cleaned up. Communciation before, during and after was excellent. Even after all
work was done he still stopped by to ensure all was good. Then there is the
price, after several quotes, Mikes price was the lowest and I felt at the end it
was well worth it. Thanks again and next time I need something done, checking
with Mike first!",

  "text": "This is my second deck with Legacy Custom Pavers and I will never use another company. It is so refreshing to deal with a company that prices itself fairly, presents itself honestly and does exactly what they say they will do.....when they said they would do it! Especially in anything related to construction, I think everyone knows how rare this is. Brandon (owner) is very straight-forward and his crew is very friendly. In fact, my prior deck was installed by Legacy in 2012. When the crew arrived for my second deck (different house) 8 years later, half of the crew consisted of the same guys from 2012! They recognized me as well, which was cool. Definitely not the typical \"construction experience\". I am not one that promotes other businesses to friends and family, but I absolutely recommend Legacy Custom Pavers to anyone I know that is considering decking of any kind. PLUS.....they are really expanding their capabilities in outdoor kitchens. I will definitely have Legacy install this as well in the next 12-18 months. They are the best!",

  "text": "This past May we had a patio installed by Legacy Custom Pavers.\nI had reached out for four quotes before choosing. Brandon was quick in his response, thoughtful to my concerns about our space, easy to talk with, and the quote was right in line with all of the research I had done. The other quotes came from highly recommended groups, but they were not nearly as professional as Brandon, and the figures were sketchy at best. Once we decided to use Legacy's services, the process moved smoothly. Everything was on time, and the install was flawless. The team arrived in the morning and was done by noon. The grass looks better than it did before. Once they left, besides a great new patio, you would have almost not even known they were there. Now that the heat has settled and the bugs are gone, we LOVE our new patio. It has completely transformed our cozy backyard. Now that it has been installed for 4 months, we are certain it is a great install.\nI send along my highest regards for Legacy Custom Pavers.\nThanks for making our backyard such a great place to be!",
