Risk Level: MODERATE
Recommendation: NOT_RECOMMENDED

No summary available.

Section 2: Three Persona Analysis

Consumer Advocate N/A Confidence: N/A Reasoning: As the Consumer Advocate, my job is to find reasons NOT to trust this contractor. The evidence presents a significant and concerning discrepancy that overrides the positive signals. 1. **Claims vs. Evidence:** The contractor's website and job postings claim	Fair Arbiter N/A Confidence: N/A Reasoning: The contractor presents a mixed but largely positive profile. The strongest positive signal is the 4.8 Google rating with 219 reviews, which the REVIEW_ANALYSIS deemed overwhelmingly authentic with detailed, specific feedback about construction projects. The business has significant longevity (19 years per	Synthesizer N/A Reasoning: No dialectic audit data available. Stronger Case: N/A
---	---	---

'20+ Years of Experience,' 'Licensed & Insured,' and a focus on 'Integrity and honesty.' The BBB profile shows a founding date of 2006 (19 years). However, the most critical piece of evidence is the Yelp rating. The Google News search result snippet shows a Yelp page for 'THE BLUE LAGOONS POOLS & SPAS' with a 2.3-star rating and 24 reviews. The Yahoo/Yelp data source confirms a 4.7 rating, but this is a major red flag. A 2.3-star rating on a major review platform is catastrophic for a service business and directly contradicts the 4.8 Google rating. The snippet from the Google News result includes a direct quote: 'They are a complete scam. The owner Jason is probably the most rude person I...' This is a specific, damning allegation found via a public search. 2. ****Pattern Analysis:**** The REVIEW_ANALYSIS tool concluded 'TRUST_REVIEWS' with high confidence, but it appears to have missed or discounted the Yelp data. Its analysis states 'Ratings are highly consistent between Google (4.8) and Yelp

BBB, founded 2006) and is registered with the Texas Comptroller as 'THE BLUE LAGOONS CONSTRUCTION LLC' with an active taxpayer number. There are no liens found, no court cases across four counties, and no OSHA or EPA violations. The company appears to be actively hiring (Glassdoor/Indeed), suggesting stability. The charitable interpretation of red flags: 1) The Yelp rating discrepancy (2.3 vs 4.7) likely stems from Yelp's algorithm filtering and the fact that unhappy customers disproportionately review there; the REVIEW_ANALYSIS noted the single negative Yelp review was about cleaning services, not core construction. 2) The 'Not Rated' BBB status with no complaints is neutral, not negative. 3) Missing from some platforms (Angi, HomeAdvisor) could indicate they don't pay for leads there. 4) The Google News result mentioning 'scam' appears to be a Yelp snippet, not actual news. The main concern is the Yelp rating, but given the volume and consistency

(4.7).' This is incorrect based on the Google News snippet which shows 2.3 stars. This discrepancy is a massive warning sign. It suggests either: a) the business has successfully managed its Google reputation while failing on Yelp, b) there is review manipulation on one platform, or c) there are two distinct entities with similar names causing confusion. The latter is less likely given the matching address and phone number. The pattern is one of inconsistent customer experience leading to polarized reviews. 3.

****Business Structure & Legal:**** The TX Franchise search found the legal entity 'THE BLUE LAGOONS CONSTRUCTION LLC'. A Denton County permit record also lists 'THE BLUE LAGOONS CONSTRUCTION, LLC'. This confirms they are a legitimate LLC. The lack of court records or liens is a positive, but does not offset the severe customer satisfaction issue indicated by the low Yelp rating. 4. ****Worst Reasonable Interpretation:**** The contractor provides an

of positive Google reviews detailing complex projects, this likely represents platform bias rather than business quality. The business appears legitimate, established, and capable of delivering on major pool construction projects.

Positive Factors:

N/A

inconsistent customer experience. While they may successfully complete some large projects (as seen in detailed Google reviews), they also generate a significant number of very unhappy customers who feel compelled to leave scathing reviews calling them a 'scam.' The owner (Jason) is specifically called out for poor behavior. This suggests potential issues with communication, project management on certain jobs, or follow-through on service promises. A business with a 2.3-star rating on a mainstream platform cannot be considered trustworthy for a major investment like a pool. 5.

****Positive Signals**

Acknowledged but Discounted:** The high Google rating (4.8/219 reviews) and detailed positive reviews are strong signals. The 19-year BBB history with no complaints is also positive. However, in the context of a 2.3-star Yelp rating with allegations of scamming and rudeness, these positives indicate the business is capable of good work but has serious, recurring failures in customer relations or

service delivery that a homeowner must consider a high risk.

Key Concerns:

Severe rating discrepancy: 4.8 on Google vs. 2.3 on Yelp. A 2.3-star rating for a service business is a major red flag indicating significant customer dissatisfaction., Direct negative allegation: A review snippet found via Google News labels the business a 'complete scam' and calls the owner 'the most rude person.', Evidence of polarized customer experience: Suggests inconsistent service quality or project management, making outcomes for a new customer unpredictable.

Points of Agreement

N/A

Points of Disagreement

N/A

Section 3: Red Flags

HIGH

Major rating discrepancy: Google News search result shows a Yelp snippet with a 2.3-star rating and a review calling the business a 'complete scam,' directly contradicting the 4.8 Google rating.

MEDIUM

Unverified claim of being 'Licensed & Insured' on website. Texas does not license pool contractors, making the 'licensed' claim ambiguous and the insurance status unverified by collected data.

set the tone for the whole project! Todd followed it up with incredible attention to detail and was on site throughout the remodel. He was very knowledgeable and made sure everything was completed exactly as it should be. The contractors that Blue Lagoons used were always friendly, did excellent work, and always cleaned up after themselves! Alyssa and Yarisa made sure we were always informed on what was completed and what was scheduled the following week. Pete, owner, was involved in the whole process, and available when things needed more clarification.\n\nOur project included: New plaster, new waterline tile, putting green, turf, in-ground trampoline, retaining wall, slide, fire pit, basketball goal, decking, added bar to existing grill station.\n\nThe scope of work shows that the Blue Lagoons team can do it all and their price is competitive. If you're looking for a great pool company, don't wait. Give them a call!",

From the moment our design coordinator, Victor, came out to measure and get ideas, to meeting our project manager Todd, interaction with all the crews and their AMAZING landscape crew Platinum Scape (owner Gabriel) we have been blown away. They were great with communication, updated on timelines, and kept us informed. This is not our first pool to build and they outdid our expectations in many ways. We recommend Blue Lagoons for your outdoor oasis 100%!",

From the initial consultation, throughout the building process and the finished product itself, we were more than satisfied. Every person we dealt with at Blue Lagoons was the epitome of a professional. This is not our first pool builders so, we came into it having a

bit of background. The build quality is fantastic, the equipment is very high quality and the build finish is fantastic. We love every element of our outdoor space. The pool, decking and outdoor kitchen were exactly the way we had envisioned it. If your considering putting in a pool, definitely consider Blue Lagoons.",

"text": "Blue Lagoons Pools knocked it out of the park! We absolutely love our new pool! The communication with this builder is a solid 10 out of 10. They set you up with a dedicated team who's there for you every step of the way.\n\nFrom day one, we were able to design the pool we envisioned with Will, who listened to our needs and requests perfectly. Alex and Todd, our amazing project managers, were always available whenever we had questions, concerns, or wanted to make changes. And Alyssa, the real MVP, kept us informed every step of the way, letting us know what was scheduled, who would be arriving, and how long they'd be there.\n\nFinally, a huge shoutout to Erik, Alex, and Rico, the best start-up crew ever! They came daily to brush, check water levels, inspect the equipment, and patiently answer all my (many) questions, always with kindness and professionalism.\n\nNot only is our pool gorgeous, it's built like a tank, a really pretty tank. Blue Lagoons follows strict construction guidelines and works with top notch contractors who are courteous, respectful of our property, and clearly know their craft. Our pool isn't just stunning, it's rock-solid and built to last!\n\nBottom line, between the communication, knowledge, attention to detail, and quality of product, we would recommend Blue Lagoons Pools again and again!",

This wasn't our first pool build in Texas, so I had learned a lot from the previous experience about what I liked and disliked.\n\nI don't mind admitting that I'm a demanding customer; the quality, design, and execution had to meet my visual expectations and align with the value I expected for my investment. There was no room for shortcuts or subpar workmanship.\n\nFrom my initial interaction with LeeAnn (who co-owns the company with her husband Jason), it was evident that she understood her clientele and was committed to executing the project to the highest standards with top-quality workmanship.\n\nLeeAnn's communication style was open and honest, and she welcomed all of my feedback—both the positive and the concerns. In any large project, there will inevitably be issues, and ours was no exception. I didn't hesitate to speak up, and LeeAnn and Jason didn't hesitate to act.\n\nThe key to choosing the right company to build our pool was how they handled these issues and concerns, and I'm happy to say they exceeded our expectations.\n\nOur project manager, Alex, was also exceptional, always available to answer my questions and address any concerns at every stage.\n\nThe final result is a pool that not only met but in some areas exceeded our expectations. He helped go over my wants for the new pool and was thorough explaining design features. Within just a few days he was able to get my 3d rendering and make a few small changes I requested. The other 2 companies did not send me anything back for 2 weeks. I went in to this process very skeptical about the build time as I have multiple co-workers and friends who all built or where in the process of building pools which took 9 months. Michael assured me the build time was about 3 months and they delivered on that promise. My favorite thing about this process was how involved and informed I was. They created a group chat with all of the employees and owners and gave me an update every Friday on what was completed and what to expect the following week. ```

professionals I feel it necessary.

Late May of this year I reached out to this company for a one time clean, followed by weekly cleans. I chose them because in the near future we will need to do a full renovation of the pool. Our pool was in rough shape, and they were well aware of that. This was our first Summer ever with a pool.

They gave me the quote for the one time clean, I approved and they started work. They said we needed some replacement parts. I approved. A few of weeks go by and they had serviced it a few times but the pool was still very murky and NOT swimmable. At this point no one had been to service the pool in over a week. So, I called the office to check in and see if the "one time clean" was complete and if we were on a rotation for weekly cleans. They said they were working on getting us on a weekly schedule and to send pictures of the pool.

It took a few more visits before the pool was clear, but once it was you could clearly see algae on the sides of the pool. I let them do their thing, but mentioned it to the employee doing our services.

A couple more weeks go by and the algae is getting worse despite their weekly services.

June 26th they email me with the subject "SANITATION ISSUES" in all caps. They said that our dog swimming in the pool is resulting in them using "more than twice the chemicals" in our pool. We have one dog that swims maybe 1-3 times a week.

I emailed back and said that we will limit or eliminate the dog in the pool and to please advise on what we can do to treat the pool so that they won't have to use as many chemicals.

I mention the growing algae in the pool and send pictures. Stating that this was an issue that has increased and doesn't seem to be taken care of. I assumed that this was INCLUDED in the one time clean since our pool had NEVER been back to 100% clean after we paid for this service. I get NO RESPONSE after voicing my concern.

At this point, I talk to the maintenance employee again about the algae. He assures me that it should clear up "within a week or so".

I stay patient. In the meantime I notice our Polaris isn't running. At all. I turn it on and off myself to keep the pool clean. Maybe he just forgot to set it.

3 weeks go by, Algae has completely taken over our pool. Our Polaris isn't running. I text our maintenance man about the Polaris. He says he will look at it on the next visit. He comes and goes. Polaris was never touched or tested.

I email again July 14th about the algae and the Polaris. They say it will be an additional \$825 for the algae removal and that the Polaris was "running when he left".

I had video evidence that the maintenance worker did not touch the Polaris and it was NOT running when he left. So I sent it to them. At this point I cancelled all services with them.

I NEVER got a response back from the company after cancelling services. But they sure made sure to bill me!

To top it off, our pool pump was leaking and burned up the motor because of the settings they had it set to. No mention of this problem to us! So now we have to purchase a new pump because of their negligence.

It still baffles me that they mentioned our dog swimming but not the COPIOUS amounts of algae in the pool or leaking pump. I'll also note the pictures of our pool that they took were conveniently taken into the sun or at portions of the pool that didn't have algae. I've attached pictures of what our pool really looked like when I decided to cancel services.

It appears people are pleased with their pool installation. But please know that they do not have the knowledge to service an existing pool.

We're back to where we started and out a couple thousand thanks to this company.

There is SO much more, but if

you have read this far I think you get the gist. I'd LOVE for someone from this company to respond seeing as their customer service solution is to just NOT respond.\n\nI feel like they went the cheap way out with our "one time clean" and were banking on Algaecide and a prayer.",

and construction!! They have exceeded our expectations at every stage of
construction. We were apprehensive about the process because of the bad
experiences we have heard about here in Dallas from other people, but The Blue
Lagoons was recommended to us by a trusted friend who had used them. We felt like
they gave us an honest evaluation of the possibilities within our budget and
created a design based on what we wanted. They really listened to us and worked
with us on options that best fit with our goals. Our pool and decking is even more
beautiful than we envisioned! We have been waiting 5 years to build this pool and
feel like we couldn't have been in better hands. Their entire team was so
professional and responsive to our questions. The quality of craftsmanship was
outstanding on all aspects of construction. And if there was ever a hiccup, they
quickly made things right and had a solution. I don't usually leave google

experience with The Blue Lagoons. Thank you, Blue Lagoons, for a wonderful pool

The process started smoothly—great design support, clear communication, and we appreciated the straightforward construction approach, especially the camera installed to monitor progress. The excel timeline and ongoing group text with their team was super helpful for keeping us informed, and their project manager, Austin, was so helpful throughout. Always available to answer questions as this process was new to us. It needed new tile and I wanted to change the color of the plaster and overall just a whole makeover of the pool. I had did my research for pool companies in the Dallas/Fort Worth area and called numerous places and got pricing and even asked friends that have pools at their houses. After extensive research and through word of mouth I was recommended to The Blue Lagoons. I called and spoke with Cyril and he went over what they offer and informed me that he deals with the service and maintenance side of the company. He was very polite and professional, he reassured me that The Blue Lagoons would definitely be the ones to take care of my needs and would do it in a reasonably time manner. He told me that Jason and Pete would be the ones to handle the remodeling for me, that they were extremely knowledgeable in that department. Jason reached out to me, I sent him over a few pictures of my pool and described to him what I'd like to do and told him that I was on a budget which he understood. I sat down with Jason and Pete and they showed me a few samples of everything that they thought that I would like on my pool and I loved all of the samples! Needles to say that The Blue Lagoons gave me a VERY good price and took very good care of me and handled all of my needs. I am extremely happy with how my pool turned out.
